Figure 1. The Tritech II Field Tripod with legs extended

Congratulations on your purchase of a quality Orion field tripod! This sturdy aluminum tripod provides solid support for binoculars, small telescopes, still cameras, or video cameras. Designed for use either indoors or outdoors, the Tritech II features a smooth, two-way fluid pan head and quick-release mounting shoe for convenient operation. Please take a few minutes to review the parts and features of the tripod before first use.

Care and Cleaning

Clean with mild detergent and a soft cloth. Use a soft brush and air blower to remove sand and dust from locking threads and sliding sections. This tripod does not require regular application of lubricant. Dry and/or clean the tripod after use in wet, sandy, or dusty conditions. Not recommended for use in salt water. Do not use in temperatures lower than -22°F (-30°C). Do not exceed the recommended load capacity.

One-Year Limited Warranty

This Orion product is warranted against defects in materials or workmanship for a period of one year from the date of purchase. This warranty is for the benefit of the original retail purchaser only. During this warranty period Orion Telescopes & Binoculars will repair or replace, at Orion's option, any warranted instrument that proves to be defective, provided it is returned postage paid. Proof of purchase (such as a copy of the original receipt) is required. This warranty is only valid in the country of purchase.

This warranty does not apply if, in Orion's judgment, the instrument has been abused, mishandled, or modified, nor does it apply to normal wear and tear. This warranty gives you specific legal rights. It is not intended to remove or restrict your other legal rights under applicable local consumer law; your state or national statutory consumer rights governing the sale of consumer goods remain fully applicable.

For further warranty information, please visit www.OrionTelescopes.com/warranty.
